

Dealing with difficult employees and customers

Shaping relationships constructively and professionally

Seminar objective

Difficult communication and leadership situations with customers and employees can be influenced effectively, professionally and positively by using the right techniques. Good cooperation can be achieved even with difficult personalities. The behavior patterns of difficult employees and customers can be understood and explained. Communication becomes more positive and relaxed for all sides. In this seminar, you will be shown practical conversation techniques and instruments that will help you to better master difficult situations and build successful cooperation and relationships.

Seminar content

Recognize and better understand difficult employees and customers:

- Facilitating collaboration with difficult people
- Responding optimally to difficult communication and behavior patterns
- Getting to know personality profiles
- Improve and positively influence interpersonal relationships in the workplace

Recognizing and utilizing existing potential:

- The positive power of conflict: Dealing with customers and employees
- Developing personal strategies for dealing with problem people
- Recognizing escalating situations and stopping them in time
- Dealing convincingly with customers and employees
- Concede or confront: Demonstrate flexibility in behavior

In every conflict there is an opportunity:

- Behavior in aggressive situations
- Choice of words, voice, posture, gestures and facial expressions
- Constructive conversation techniques
- Conducting critical discussions with customers, employees and colleagues
- Advantages and disadvantages of authority and authoritarian behavior
- What is behind the behavior of difficult people?
- Showing understanding or provoking: the right strategy
